

5G00DM05-3002 Full Stack Web Development (Frontend Part), Programming Assignment Documentation Form

Submit the filled form in Moodle along with your work. Mandatory fields are marked with an asterisk (*).

* How many working hours, approximately, did you spend working with the course assignment? (This does not affect the grading, but is just asked in order to understand the work load so that adjustments can be made in the future, if necessary. Therefore, honest answers are appreciated.)

* Which XP tier did you reach (your own estimate)?

Any notes/feedback/instructions concerning the programming assignment?
